tucky

Smart wearable Thermometer

HOW TO USE TUCKY?

1) Charge Tucky with the USB cable

2 hours = 1 week of continuous usage

### 2) Press ON/OFF button to turn on Tucky

LED blinking for 2 seconds = ON
LED lighting during 2 seconds = OFF

3) Place the double-sided adhesive Ⓐ on Tucky Ⓑ

Peel adhesive and its clear film from paper backing
Place it on the front of Tucky
Remove both parts of the clear film

4) Stick Tucky under the armpit
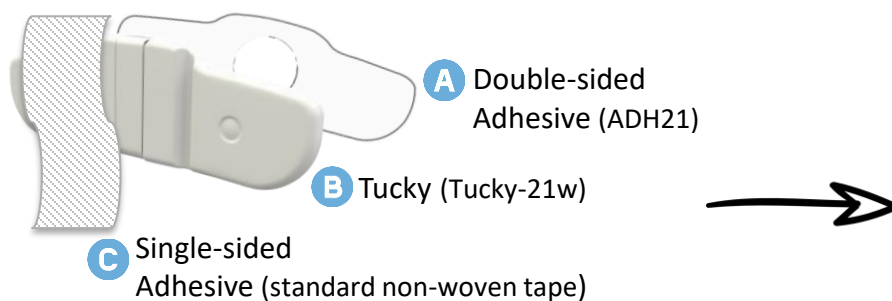

Place it at the very top of the armpit
Wear clothes
~ 15 minutes is necessary to reach stable reading with closed arm

FOR BETTER HOLD ON ADULTS

- Shave the armpit
- Add a single-sided adhesive strip Ⓒ

Ⓐ Double-sided Adhesive (ADH21)

Ⓑ Tucky (Tucky-21w)

Ⓒ Single-sided Adhesive (standard non-woven tape)

5) After use, clean the device with medical alcohol
