## calmoo® Pure Relax System

Whether external, internal or psycho-mental stimuli, the new calmoo® deep relaxation system supports the reduction of overstimulation triggered by acute, recurring and long-term stress factors; usable everywhere and around the clock!

Equipped with six integrated, subliminal sound wave structures inaudible to the human ear and two specially composed, audible sound worlds -depending on the stress level-conveniently switchable - provide individual deep relaxation.

Includes fully automatic sleep room monitoring (NOISE- MOTION®) and integrated relaxation timer (power napping mode) for daily use and as a sleep aid.

Thanks to the integrated, powerful lithium battery, calmoo® can be placed almost anywhere, completely independent of a power outlet.

### At a glance:

- Deep relaxation system to reduce overstimulation
- can be used anywhere and at any time
- 2 relaxation strengths for different stress levels
- optical LED-Light-Guard-System for the night
- fully automatic sleep room monitoring with fall asleep function
- Timer with (20 minute short relaxation (power napping) or active, relaxed continuous sound)
- powerful lithium battery, independent of a power outlet
- TÜV certified safety
